Total	40	

Assignment Package	Comments
1 PSP0.1 Project Planning Summary	Plan básico de trabajo (leer → contar → reportar → validar).
1 PIP Form	Entregado (PIP_Filled.docx). Mejora LineCounter/MethodCounter y pruebas.
0 Time Recording Log	No entregado.
0 Defect Recording Log	No entregado.
0 Source Program Listing for Programs 1 and 2	Entregado: 8 .java (App, Logic2, Input, Data, lineCounter, methodCounter, output, DesvEst).
1 Test Results	Entregado (TestReport_Filled.docx) con tabla de LOC y métodos.
1 Size Counting Standard	Entregado (R2C), reglas R2 y ejemplos.
1 Coding Standard	Entregado (R1C), reglas por módulo.

Program and Test Results	Comments
1 The program appears to be workable.	Ejecuta lectura → conteo → reporte correctamente.
1 All required tests have been run.	Pruebas sobre los 8 archivos del proyecto.
1 The actual output is correct for each test.	Conteos coherentes con R2 (LOC y métodos).
0 Source is compatible with coding standard.	Parcial: renombrar lineCounter/methodCounter/output a Javay usar package analyzer.
1 Test results are consistent with the counting standard.	Los resultados de conteo concuerdan con las reglas R2; evidencia documentada en el reporte.

Time Log	Comments
0 Time data are entered for all process steps.	No se registraron datos de tiempo.
1 Process steps are sequenced appropriately.	Flujo PSP seguido conceptualmente.
0 Time data are entered against the appropriate process step.	No aplica por falta de registro.
0 Interrupt time is tracked appropriately.	No documentado.
0 Time data are complete and reasonable.	Sin datos
0 Times were recorded as the work was done.	No registrados

Defect Log	Comments
1 Every defect has all required data.	
1 Defects were injected before removed.	

Grading Checklist - PSP 0.1

0	Every defect has a fix time.	No se registraron defectos, por lo que no hay tiempos de corrección.
0	Defects injected in compile and test have fix numbers.	No aplica; sin registro de defectos o números de corrección.
0	Defects are adequately described.	No aplica, sin registro de defectos o números de corrección.
0	Defect types are consistent with description.	No aplica.
0	Defect types are consistent with phase injected.	No aplica.
0	Defect types are assigned consistently.	No aplica.

PIP Form		Comments
1	<i>The PIP form is completed.</i>	<i>El formulario (PipTemplate), contiene objetivos, plan de mejora y resultados esperados.</i>
1	<i>The entries show insight and thought.</i>	<i>Presenta reflexiones coherentes sobre precisión del conteo y mejoras propuestas en LineCounter y MethodCounter.</i>

Grading Checklist - PSP 0.1

Planning Summary		Comments
1	Planned total time has been entered correctly.	Se entregó a tiempo
1	<i>Planned and actual size data are entered correctly.</i>	<i>Sí se documentaron los tamaños reales (LOC y métodos) en R2</i>

Consistency Checks		Comments
0	Defects removed are consistent with compile and test phase time and program size.	No se registraron defectos, por lo que no aplica la consistencia con tiempo o tamaño.
0	Total compile defect fix times are less than compile time.	No aplica, sin defectos registrados.
0	Total test defect fix times are less than test time.	No aplica, sin defectos registrados.
0	Defect dates & phases are consistent with the time log.	No aplica, sin log de tiempo ni defectos.
1	Planning summary is consistent with the time log.	Ambos vacíos → coherentes.
1	Planning summary is consistent with the defect log.	No hay defectos → coherencia mantenida.

General		Comments
1	Followed the defined process.	Se siguió el flujo PSP (Plan → Design → Code → Test → Postmortem) de forma conceptual.
1	Complete, consistent and accurate process data collected.	Datos de tamaño (LOC y métodos) completos y consistentes con el programa.
1	The student did his or her own work.	Código y documentos originales del proyecto de análisis de código Java.
